Grade	3

MC 370 is a high security magnetic contact with NC function that can be used both in alarm and access control systems for monitoring doors and windows against unauthorized opening. The contact is specially designed for use in banks, museums, art galleries, stores, etc. Both the contact and the magnet part are in a water proof (IP 67) plastic housing, which enables easy installation into wood without additional accessories. Contact and magnet are paired. To ensure proper functionality, do not replace the contact or magnet alone.

ORDERING INFORMATION

Model	Description
